# Contents

*Introduction* . . . . . *xxi*

**Chapter 1 • Overview of Operations Management . . . . . 1**
Defining Operations Management . . . . . 1
Systems Management . . . . . 1
Operations Management . . . . . 2
Understanding IT Service Management . . . . . 2
Exploring the IT Infrastructure Library . . . . . 2
Exploring the Microsoft Operations Framework . . . . . 7
Overview of System Center Configuration Manager . . . . . 14
Configuration Manager Features . . . . . 14

**Chapter 2 • Planning a Configuration Manager Infrastructure . . . . . 23**
Gathering Deployment Intelligence . . . . . 23
Determining What You Need to Accomplish . . . . . 24
Describing the Network . . . . . 25
Describing Your Migration Needs . . . . . 25
Planning the Configuration Manager Environment . . . . . 26
System Requirements . . . . . 26
Extending Active Directory Schema . . . . . 36
Hierarchies and Sites . . . . . 37
Site Boundaries and Boundary Groups . . . . . 44
Site System Roles . . . . . 45
Best Practices for Site System Design . . . . . 47
SQL Considerations . . . . . 49
Site Communications . . . . . 50
Site Security Mode . . . . . 51
Discovery of Your Resources . . . . . 51
Client Settings and Client Deployment . . . . . 52
Content Management . . . . . 52
Role-Based Administration . . . . . 53
Migration . . . . . 54
Disaster Recovery . . . . . 55
Designing Your Configuration Manager Environment . . . . . 56
Planning the Configuration Manager Hierarchy . . . . . 58
Planning Configuration Manager Site Systems . . . . . 58
Planning Configuration Manager Clients . . . . . 59
Determining How to Deploy Configuration Manager . . . . . 59
Building a Proof-of-Concept Environment . . . . . 60
The Bottom Line . . . . . 64

COPYRIGHTED MATERIAL

**Chapter 3 • Migrating from Configuration Manager 2007 . . . . . 65**
Introducing Migration . . . . . 65
Migration Functionality in Configuration Manager 2012 . . . . . 66
Source Hierarchy . . . . . 67
Data-Gathering Process . . . . . 67
Migration Job Types . . . . . 68
Objects Supported for Migration . . . . . 70
Objects Not Supported for Migration . . . . . 77
Distribution Point Sharing . . . . . 78
Planning a Migration . . . . . 79
Preparing Your Migration . . . . . 79
Planning Your Migration Strategy . . . . . 80
Performing the Migration . . . . . 81
Using the Side-by-Side Migration Strategy . . . . . 81
Using the Wipe-and-Load Strategy . . . . . 97
Upgrading the Configuration Manager Console . . . . . 98
Post-Migration or Installation Considerations . . . . . 99
Migrating Packages to the New Application Model . . . . . 100
What Is Package Conversion Manager? . . . . . 101
The Conversion Process . . . . . 102
The Conversion Process Steps . . . . . 107
Package Conversion Manager Best Practices . . . . . 107
Monitoring Conversion . . . . . 108
Migrating Branch Offices with the Physical-to-Virtual Migration Toolkit . . . . . 109
Requirements . . . . . 109
P2V Migration Scenario . . . . . 110
The Task Sequence . . . . . 110
Steps for Using the P2V Migration Toolkit . . . . . 110
The Bottom Line . . . . . 117

**Chapter 4 • Installation and Site Role Configuration . . . . . 119**
Understanding Configuration Manager 2012 Site Types . . . . . 120
Implementing Site Servers . . . . . 123
Software Requirements . . . . . 123
Implementing a Central Administration Site . . . . . 125
Implementing a Primary Site . . . . . 134
Implementing a Secondary Site . . . . . 138
Verifying Proper Site Installation . . . . . 145
Troubleshooting a Configuration Manager 2012 Site Installation . . . . . 152
Unattended Installation . . . . . 155
Installing Site System Roles . . . . . 157
Understanding Configuration Manager 2012 Site System Roles . . . . . 160
Component Server . . . . . 162
Distribution Point . . . . . 162
Management Point . . . . . 174
Site Database Server . . . . . 179

Site Server . . . 180
Site System . . . 180
System Health Validator Point . . . 180
State Migration Point . . . 182
Fallback Status Point . . . 185
Out-of-Band Service Point . . . 187
Reporting Services Point . . . 189
Application Catalog Web Service Point and Application Catalog Website Point . . . 191
Enrollment Proxy Point and Mobile Device and AMT Enrollment Point . . . 195
Software Update Point . . . 199
EndPoint Protection Point . . . 204
Asset Intelligence Synchronization Point . . . 206
The Bottom Line . . . 207

**Chapter 5 • Role-Based Administration . . . 209**
Overview of Role-Based Administration . . . 209
Using Security Roles and Security Scopes . . . 210
Managing with Flat Hierarchies . . . 210
Security Roles . . . 210
Security Scopes . . . 214
Creating a Custom Security Scope . . . 214
Assigning Resources to a Security Scope . . . 216
Viewing Security Scope Objects . . . 217
Collections . . . 218
Using Collections . . . 219
Understanding the Default Collections . . . 219
Administrative Users . . . 220
The Bottom Line . . . 227

**Chapter 6 • Client Installation . . . 229**
Creating Client Settings . . . 229
Supported Operating Systems . . . 234
Discovering Network Objects . . . 235
Active Directory Discovery Methods . . . 236
Configuring Boundaries and Boundary Groups . . . 245
Client Installation Methods . . . 247
Command-Line Properties . . . 247
Manually Installing the Client . . . 252
Client Push . . . 253
Group Policy . . . 257
Software Update . . . 257
Software Distribution . . . 258
Logon Script Installation . . . 258
Imaging . . . 258
Keeping Clients Up to Date . . . 259

Verifying Client Installation . . . . . 260
Troubleshooting a Client Installation . . . . . 261
Ensuring Client Health . . . . . 261
Automatic Client Remediation . . . . . 261
Determining Client Health . . . . . 262
Monitoring Client Status . . . . . 263
Configuring Alerts . . . . . 263
The Bottom Line . . . . . 265

**Chapter 7 • Application Deployment . . . . . 267**
What's New in Application Deployment? . . . . . 267
Distribution Point Changes . . . . . 269
Applications: Application References . . . . . 271
Deployments . . . . . 272
Dependencies for Application Deployment . . . . . 274
Management Point . . . . . 274
Distribution Point . . . . . 275
Default Client Settings . . . . . 275
Elements of Application Deployment . . . . . 281
Applications . . . . . 282
Deployment Types . . . . . 282
Deployments . . . . . 283
The Application Deployment Process . . . . . 284
Create Application Wizard . . . . . 284
Options for Application Deployment: the Ribbon . . . . . 288
Exploring the Sample Application . . . . . 293
Exploring the Deployment Type . . . . . 298
Create Deployment Wizard . . . . . 307
Application Deployment—Client Experience . . . . . 314
Application Deployment—Advanced Configurations . . . . . 317
User Device Affinity . . . . . 322
Troubleshooting Application Deployment . . . . . 325
The Bottom Line . . . . . 328

**Chapter 8 • Software Updates . . . . . 329**
What's New in Software Updates . . . . . 329
Prerequisites for Software Updates . . . . . 332
Elements of Software Updates . . . . . 333
Software Update Point . . . . . 333
Software Updates Client Agent . . . . . 334
Software Updates Metadata . . . . . 334
Software Update Files . . . . . 335
Software Update Objects . . . . . 335
Software Update Groups . . . . . 337
Deployment Templates . . . . . 337
Deployment Packages . . . . . 338

Deployments . . . 339
Automatic Deployment Rules . . . 340
System Center Updates Publisher . . . 342
The Software Update Process in Configuration Manager . . . 342
Synchronization . . . 342
Compliance . . . 343
Deployment . . . 344
Planning to Use Software Updates in Configuration Manager . . . 345
Determining What Needs to Be Accomplished . . . 346
Role-Based Administration . . . 357
System Center Updates Publisher . . . 358
Testing in an Isolated Lab . . . 359
Configuring Software Updates . . . 360
Configuring the Software Updates Client Agent . . . 360
Installing Windows Server Update Services 3.0 Server . . . 361
Installing the Windows Server Update Services 3.0 SP2 Administrative Console . . . 365
Setting Up the Active Software Update Point . . . 366
Configuring Software Updates Settings and Synchronization . . . 375
Synchronizing Updates with Export and Import . . . 379
Preparing Software Updates for Deployment . . . 380
Finding the Software Updates to Be Deployed . . . 380
Downloading Software Updates . . . 384
Creating a Software Update Group . . . 388
Deploying Software Updates with the Deploy Software Updates Wizard . . . 388
Using System Center Updates Publisher . . . 395
Installing the System Center Updates Publisher . . . 395
Configuring System Center Updates Publisher . . . 396
Using System Center Updates Publisher . . . 397
Third-Party Updates in Configuration Manager . . . 402
Monitoring Software Update Deployments . . . 404
In-Console Monitoring . . . 404
Reporting . . . 407
The Bottom Line . . . 409

**Chapter 9 • Operating System Deployment . . . 411**
What's New in Operating System Deployment . . . 411
Planning for OSD with Configuration Manager 2012 . . . 412
Deployment Scenarios . . . 412
The Kind of Images to Deploy . . . 412
Operating System Deployment Components . . . 413
User Device Affinity . . . 418
Deployment Process . . . 418
Prepare for Operating System Deployment . . . 418
Build and Capture an Operating System . . . 419
Deploy an Operating System . . . 419

Preparing Configuration Manager 2012
for Operating System Deployment . . . . . 419
Configuring the Network Access Account . . . . . 420
Creating the Configuration Manager Client Install Package . . . . . 421
Creating a USMT Package . . . . . 422
Configuring the State Migration Point Role . . . . . 424
Configuring PXE on Distribution Points . . . . . 426
Distributing the Boot Image Package . . . . . 428
Enabling Boot Images for PXE . . . . . 428
Adding Operating System Installers . . . . . 429
Developing a Task Sequence for Creating a Capture Image . . . . . 430
Task Sequences Used with PXE Boot . . . . . 431
Task Sequences Used with Media Boot . . . . . 433
Capturing an Operating System Image . . . . . 436
Building and Capturing Automatically . . . . . 436
Capturing a Reference Computer . . . . . 438
Deploying an Image . . . . . 440
Adding a Captured Image . . . . . 440
Distributing and Deploying the Image . . . . . 441
Developing a Task Sequence for Deployment . . . . . 441
Deploying the Task Sequence . . . . . 444
Deploying the Operating System on Bare Metal . . . . . 448
Importing Computer Information . . . . . 449
Creating a Task Sequence for the Bare-Metal OSD . . . . . 450
Deploying the Bare-Metal Task Sequence . . . . . 451
Installing Device Drivers into OSD . . . . . 454
Servicing Your Operating System Images Offline . . . . . 457
Using User Device Affinity . . . . . 459
Manually Configure a Primary User for a Device . . . . . 460
Manually Configure a Primary Device for a User . . . . . 460
Configure a Site to Automatically Create User Device Affinities . . . . . 460
Import User Device Affinities . . . . . 461
Enable Users To Configure Their Primary Device . . . . . 462
Pre-deploy User Applications . . . . . 463
Microsoft Deployment Toolkit 2012 . . . . . 464
Installing Microsoft Deployment Toolkit 2012 . . . . . 464
Integrating the Deployment Toolkit . . . . . 464
Creating a New Boot Image . . . . . 465
Creating a Deployment Toolkit Task Sequence . . . . . 466
Using a Replace Scenario . . . . . 469
Maintaining the User State . . . . . 470
The Bottom Line . . . . . 471

**Chapter 10 • Asset Intelligence . . . . . 473**
Requirements for Asset Intelligence . . . . . 473
Client Agent Prerequisites . . . . . 473
Maintenance Tasks . . . . . 474
Windows Event Log Settings . . . . . 475

Elements of Asset Intelligence . . . . . 475
Asset Intelligence Catalog . . . . . 476
Asset Intelligence Validation States . . . . . 478
Asset Intelligence Synchronization Point . . . . . 479
The Asset Intelligence Home Page . . . . . 479
Asset Intelligence Reports . . . . . 481
Configuring Asset Intelligence . . . . . 485
Enabling Asset Intelligence . . . . . 485
Import Software License into Asset Intelligence . . . . . 488
Importing Software License Information . . . . . 488
Creating the Microsoft Volume License Statement . . . . . 489
Creating the General License Statement . . . . . 489
The Bottom Line . . . . . 491

**Chapter 11 • Inventory and Software Metering . . . . . 493**
Inventory in Configuration Manager 2012 . . . . . 493
Collecting Hardware Inventory . . . . . 494
Collecting Software Inventory . . . . . 499
Using Resource Explorer to View Inventory . . . . . 500
Scheduling Inventory . . . . . 501
Configuring Inventory . . . . . 502
Configuring Software Inventory for a Configuration Manager Site . . . . . 511
Troubleshooting Inventory . . . . . 518
Software Metering in Configuration Manager 2012 . . . . . 521
Overview of Software Metering . . . . . 521
Configuring Software Metering . . . . . 522
The Bottom Line . . . . . 530

**Chapter 12 • Reporting . . . . . 533**
Installing SQL Server Reporting Services . . . . . 534
Considerations for Installing SQL Server Reporting Services . . . . . 534
Installation of the Reporting Services Site System . . . . . 535
Default Reports . . . . . 538
Running a Report . . . . . 541
Viewing Available Reports . . . . . 542
Running a Report from the Administrative Console . . . . . 542
Running a Report from Report Manager . . . . . 543
Working with Reporting Security . . . . . 545
Permissions Required to Run Reports . . . . . 545
Managing Reports . . . . . 550
Working with Subscriptions . . . . . 558
Creating Reports . . . . . 561
Basic SQL Commands . . . . . 561
Report Models . . . . . 562
Creating a Report Using Report Builder . . . . . 563

Creating a Report Using Business Intelligence Development Studio . . . . . 566
Moving Reports. . . . . 568
Linked Reports . . . . . 569
Importing and Exporting Reports. . . . . 569
Importing Reports . . . . . 570
Exporting Reports. . . . . 570
The Bottom Line . . . . . 571

**Chapter 13 • Compliance Settings . . . . . 573**
Overview of Compliance Settings. . . . . 573
What's New in Configuration Manager 2012? . . . . . 574
What Can You Do with Compliance Settings? . . . . . 575
Configuration Items . . . . . 575
Configuring Compliance Settings Client Settings . . . . . 576
Creating Configuration Items . . . . . 577
Name, Description, and Category . . . . . 579
Choosing a Detection Method . . . . . 581
Creating and Validating a Setting . . . . . 582
Building a Configuration Baseline . . . . . 589
Creating the Initial Baseline . . . . . 589
Baseline Rules . . . . . 590
Assigning the Configuration Baseline to Clients . . . . . 593
Additional Configuration Baseline Options. . . . . 594
Client Validation of Compliance Baseline Rules . . . . . 594
Compliance Settings Reporting. . . . . 596
Importing Configuration Packs . . . . . 597
The Bottom Line . . . . . 600

**Chapter 14 • Mobile Device Management . . . . . 603**
What's New in Mobile Device Management . . . . . 603
Requirements for Mobile Device Management. . . . . 604
Lite Management . . . . . 604
Depth Management . . . . . 616
Troubleshooting . . . . . 645
The Bottom Line . . . . . 646

**Chapter 15 • Troubleshooting . . . . . 647**
Creating the Maintenance Plan . . . . . 647
Using Troubleshooting Tools . . . . . 651
Log Files . . . . . 651
Status Messages. . . . . 657
Troubleshooting Configuration Manager Deployment . . . . . 664
Troubleshooting Configuration Manager Database Replication . . . . . 665
Data Types . . . . . 666
DRS Initialization . . . . . 668
The Bottom Line . . . . . 671

**Chapter 16 • Disaster Recovery . . . . . 673**
Planning for Disaster Recovery . . . . . 673
What Is Not Included in the Backup . . . . . 674
Backing Up Configuration Manager . . . . . 676
Backup Considerations for the Central Administration Site . . . . . 677
Copying Site Backups to Another Location . . . . . 677
Archiving the Backup Snapshot to Another Server with *AfterBackup.bat* . . . . . 678
Windows Application Log Entries Created by the Backup Process . . . . . 679
Configuring the Backup ConfigMgr Site Server Maintenance Task. . . . . 680
Restoring Configuration Manager . . . . . 682
Understanding the Effects of a Site Failure . . . . . 682
Recovering a Configuration Manager Site . . . . . 684
Recovering Configuration Manager . . . . . 685
How to Start a Recovery Process . . . . . 686
Recovering a Central Administration Site . . . . . 686
Recovering a Primary Child Site . . . . . 692
Recovering a Primary Standalone Site . . . . . 692
Recovery Scenarios for Multisite Environments . . . . . 692
Other Site Maintenance Options . . . . . 692
The Hierarchy Maintenance Tool . . . . . 693
Post-Recovery Tasks . . . . . 695
The Bottom Line . . . . . 697

**Chapter 17 • System Center Endpoint Protection. . . . . 699**
Differences between FEP and SCEP . . . . . 699
Additional Benefits of SCEP . . . . . 700
Deployment . . . . . 700
Protection . . . . . 700
Monitoring . . . . . 702
Security. . . . . 702
Endpoint Protection Site System Role . . . . . 702
Endpoint Protection Client Agent . . . . . 705
Endpoint Protection Policies . . . . . 709
Antimalware Policy . . . . . 709
Windows Firewall Policy . . . . . 715
Assigning Policy . . . . . 716
Definition Files . . . . . 717
Alerts . . . . . 719
Reporting . . . . . 723
The Bottom Line . . . . . 728

**Chapter 18 • Client Health . . . . . 731**
Understanding the Client Health Mechanism . . . . . 731
Scheduled Task . . . . . 732
CCMEval Process . . . . . 736
Client Health Evaluation: Results . . . . . 740
Monitoring: Client Health . . . . . 742
The Bottom Line . . . . . 743

**Appendix • The Bottom Line . . . . . 745**
Chapter 2: Planning a Configuration Manager Infrastructure . . . . . 745
Chapter 3: Migrating from Configuration Manager 2007 . . . . . 746
Chapter 4: Installation and Site Role Configuration. . . . . 749
Chapter 5: Role-Based Administration. . . . . 750
Chapter 6: Client Installation . . . . . 751
Chapter 7: Application Deployment . . . . . 752
Chapter 8: Software Updates . . . . . 753
Chapter 9: Operating System Deployment . . . . . 754
Chapter 10: Asset Intelligence . . . . . 755
Chapter 11: Inventory and Software Metering . . . . . 756
Chapter 12: Reporting . . . . . 757
Chapter 13: Compliance Settings. . . . . 758
Chapter 14: Mobile Device Management . . . . . 760
Chapter 15: Troubleshooting . . . . . 761
Chapter 16: Disaster Recovery . . . . . 762
Chapter 17: System Center Endpoint Protection . . . . . 762
Chapter 18: Client Health . . . . . 763
*Index* . . . . . *765*
